#### Paris Gives Stadium to the Olympic Committee

Parkis, Feb. 18 (Associated Press).

—Pershing Stadium was turned over by the city of Paris today to the French committee in charge of the arrangements for the 1924 Olympic games. The stadium will be used exclusively in the training of the athletes who will compete in the games.

Pershing Stadium was erected for the inter-allied games held in June of 1919. It is declared to be too small however, for the coming Olympic games and plans are understood to be going forward for the erection in or near Paris of a much larger stadium for the Olympiad. Dispatches from Paris last month indicated that the new field would probably be laid out in the Parc des Princes, this being favored by Gaston Vidal, Under Secretary of State for Technical Education in the Poincare Cabinet, who is in charge of the arrangements.

The defeat of La Vin was unexpected.

But he met his master yesterday in Hussey, who asked no favors in the form of an allowance and outran him in the race to the tape.
